

Architecture • Landscape • Interior

One workflow, from model to pitch.

Cinematic quality and live, interactive presentation for your whole practice — now stronger in D5.

01 Present live

Step into the live 3D scene with your client — switch schemes, shift the light, and let the decision happen in the room.

New in 3.1

- Interactive Presentation
- Optimized VR
- Stereoscopic Panorama

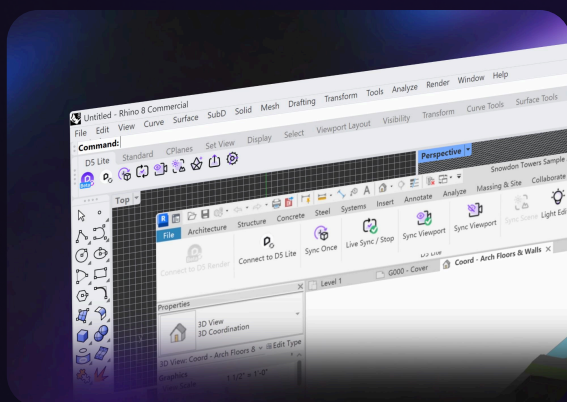

02 Connected workflow

Each discipline keeps its own tool — one renderer brings it all together, across every office.

New in 3.1

- D5 Lite for Rhino & Revit
- Cloud Collaboration

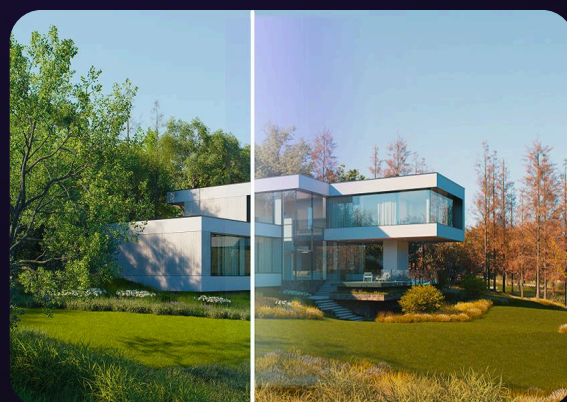

03 Production control

Film-grade color and true surface detail, straight from your model.

New in 3.1

- Seasonal Vegetation
- HeightField Tracing

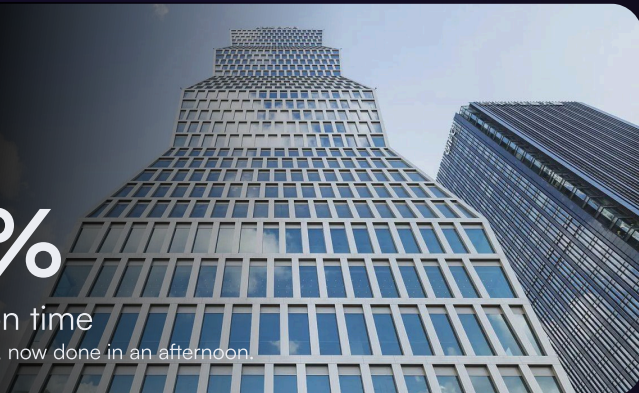

Trusted in daily delivery at leading firms

KPF

–80%

Design iteration time
A week of client drafts, now done in an afternoon.

BIG

Hours

Not days, video render time cut by ~80%.
Walkthroughs that once took 3–4 days now finish in hours

Trusted by 3M+ professionals and leading firms worldwide
