Maximum height of space-only stands and non-standard set-ups

This additional margin will be allowed to those structures whose sides facing the adjoining stands are perfectly finished and painted in a neutral, solid colour.

In case of either exceeding this limit or presenting one of the above listed characteristics which define a set-up as non-standard (See Point 3.A in “Exhibition Technical Regulations”), it is requested to send the project, signed and sealed by a qualified engineer/architect for approval, by e-mail to the following address: tecnico2@bolognafiere.it copying laura.anoja@senaf.it within 14th September.
